

PRESS RELEASE

June 30, 2008

TYGAR MANUFACTURING, LLC Announces a Revitalization of the TYGAR Online Store

TYGAR Manufacturing™, LLC, the leader in the decorative curbing equipment industry, announces a revitalization of its online store with new products, pictures, and packages on curbing equipment. Offering the most complete set of products in the market, TYGAR's eStore is organized by category for easy navigation, with links for product details and pictures. All the products and packages listed in the TYGAR price list are also represented on the eStore, in essentially the same order. In addition, the company's eight curbing equipment packages, all made in the USA, are fully detailed along with the various curb shapes and stamps and rollers included in each package. TYGAR will ship the same day for any order received by 2pm EST. Please visit the TYGAR website at www.tygarmfg.com to view the eStore and check back often for updates and specials.

Because of the explosive demand for curbing equipment, TYGAR has found that customers prefer the convenience of 24/7 shopping capabilities, especially if they have a good understanding of the equipment and supplied they need. However, the eStore is also very helpful for just pulling and comparing pricing and product information. The company's customer and sales support is always available by phone, and equipment quotes are provided free of charge. While many equipment providers are more guarded about pricing, TYGAR believes customers deserve the ability to openly view and contract pricing from manufacturers. For more information, just call 866-999-9506, or go to tygarmfg.com.

TYGAR Manufacturing, [Complete Landscape Curbing Equipment Packages](#)
